Disability Alliance Canada is a national non-profit organization and an affiliate of Disability Alliance BC—a cross-disability voice in BC since 1977.

Our core services and activities include:

- Providing one-to-one services to people with disabilities.
- Working with community partners and all levels of government to advocate for systemic change.
- Designing and implementing new projects and programs to meet specific needs in the disability community.
- Providing educational workshops and webinars for community groups, government and individuals.
- Creating free publications and resources.

We envision a future where people with disabilities across Canada are recognized for their inherent worth as individuals, and as valued members of society.

At Disability Alliance Canada (DAC), we believe all people with disabilities should have access to the benefits to which they are entitled. Our direct services and programs help to make this process a little easier.

One-on-one Support

DAC provides direct services to help people across Canada navigate through several federal disability programs. We help with all stages of the application process, including renewals, denials and appeals.

Disability Tax Credit (DTC)

The Disability Tax Credit is a federal tax credit that helps reduce the taxes that people with disabilities or caregivers owe. It is also a key gateway to other benefits, including the Canada Disability Benefit and Registered Disability Savings Plan. We will guide you through applications, renewals, denials and appeals. We can also help you apply for any benefit related to the DTC once you are approved.
